

# FLOW-DESK

THE MOST COMPELLING  
21<sup>ST</sup> CENTURY  
CLASSROOM SOLUTIONS

THE MOST DYNAMIC GROUP SIZING FOR 21<sup>ST</sup>  
CENTURY COLLABORATIVE LEARNING.

## FLOW DESK

The ideal group size for collaborative learning! For traditional and progressive teaching styles. The Alumni Flow desk was developed as a tool for students and teachers to implement common core learning concepts. It can be arranged in collaborative groups or traditional rows. In its ideal group configuration of 5, the Flow desk was designed to maximize the use of limited space commonly observed in today's classrooms. Optional casters make this desk mobile and easy to move into multiple configurations. These desks can then be pulled apart for individual study or testing purposes. Full-frame construction takes the wiggle out of learning.
